## WORK EXPERIENCE

**Frontend Developer and UI/UX Designer Intern:**  
*Southern Taiwan University of Science and Technology*  
February 2023 - June 2023

Skills: React JS, Tailwind CSS, GitHub, Figma

Responsible for designing and developing user-friendly websites, implementing frontend technologies, and ensuring a seamless user experience. I also actively participated in research projects, exploring innovative solutions and staying updated with industry trends. Through these experiences, I developed a diverse skill set that includes technical proficiency, design expertise, and a research-oriented mindset.

**Frontend Developer:**  
*KLB Solutions LLC | May 2021 - October 2021*

Skills: WordPress, Shopify, Canva, SEO

Designed, developed, and maintained various websites, including e-commerce platforms, and small to medium size business websites. Leveraging my expertise in front-end development and strong understanding of user experience, I have created visually appealing and functional websites that effectively meet the needs of diverse clients, resulting in enhanced user engagement and increased conversions.
